<b>Action:</b> Addresses Peak Season Demand			
Energy			

<b>Adaptive flexibility</b>	
<b>Regional Benefits</b>	
<b>Local Economy</b>	
<b>Infrastructure Resilience</b>	
<b>Supply Reliability</b>	
<b>Supply Diversity</b>	
<b>Sustainability</b>	

Other considerations:

- What changes would you make to the criteria?
- What criteria did you aim to satisfy
- Which were the easy Actions to select? Why?
- Which were the difficult Actions to select? Why? How did you reach agreement on these?
- Your Aha! Moments. What did you learn that you hadn't expected?
